At Gomeldon we take food allergies and intolerances very seriously. If your child has any food allergies or intolerances you need to make us aware prior to ordering any food with us. We have a full breakdown of the 14 allergens on our website. Scan the QR code for more information.	SCAN ME FOR ALLERGEN INFORMATION

## NSPCC Speak Out. Stay Safe.

This week we delivered our safeguarding training for children through the NSPCC Speak Out. Stay Safe. programme. Please do speak with your child about this to keep the conversation going at home!

## Children's Mental Health Week

Our remaining week of the term will focus on This Is My Place as the theme for Children's Mental Health week. We will be reflecting on our Yellow Day from earlier in the year and focus on empowering, equipping and giving a voice to all children

Thank you to everyone Gomeldon Primary School. Your wonderful donation of 19 shoeboxes to our 2025 Christmas Box Appeal helped to spread joy to thousands of boys, girls, families and communities in Bulgaria. Well done!

Thank you!

## Class Curriculum Showcases

I am delighted to let you know that we have organised curriculum showcases for you to come to school and share the learning from recent enquiries. Showcases start at 2:45pm.

Oak Class: Monday 2<sup>nd</sup> March

Chestnut and Beech Classes: Friday 13<sup>th</sup> March

Sycamore Class: Friday 27<sup>th</sup> March

## Christmas Shoe Box Appeal

A big thank you to those of you who were able to donate at Christmas time, We received this thank you for achieving 19 boxes!

## Well-being

Please see attached for helpful parent information

# What Parents & Educators Need to Know about GENERATIVE AI SAFETY

Generative AI tools – such as ChatGPT – are now commonly used by children. In fact, 3 in 4 pupils in the 2024 Annual Literacy Survey reported using generative AI, up from just 2 in 5 the previous year. While these tools can boost learning and creativity, they also raise concerns around misinformation, privacy and overuse. This guide explores the key risks and how to support safe use.

## WHAT ARE THE RISKS?

### MISINFORMATION AND ACCURACY

Generative AI can sometimes produce false or misleading content. Children – and even adults – may assume the information is accurate and trustworthy. This can affect learning and understanding of important topics. It's vital to teach children to critically assess all information, even when it comes from AI.

### EXPOSURE TO INAPPROPRIATE CONTENT

Because generative AI is trained on vast datasets from across the internet, there is a chance it may occasionally generate harmful or inappropriate content. Without supervision, children could encounter disturbing or unsuitable material. Active monitoring and clear usage boundaries can help reduce this risk.

### PRIVACY AND DATA SECURITY

Some AI tools ask for personal details or store users' interactions. If privacy settings are not correctly configured, children's personal data could be exposed or misused. Teaching good digital hygiene and setting strong privacy controls is essential for protecting children online.

### REDUCED CRITICAL THINKING

Relying too heavily on AI-generated responses may reduce children's willingness to think independently. If they consistently use AI to solve problems or complete tasks, it could impact their ability to reason, analyse and form their own ideas. Encouraging thoughtful reflection is key.

### DIGITAL DEPENDENCY

Regular use of generative AI can contribute to increased screen time and less real-world interaction. If left unmanaged, it may affect physical activity levels, sleep, and social development. Striking a healthy balance between online and offline activities is important for wellbeing.

### UNCLEAR ETHICAL BOUNDARIES

Children may not fully understand the ethical implications of using AI to complete homework or creative tasks. This can lead to unintentional plagiarism or dishonest academic practices. Conversations around responsible use and academic honesty are crucial.

## Advice for Parents & Educators

### ESTABLISH CLEAR GUIDELINES

Set clear, age-appropriate rules for when and how generative AI can be used. Reinforce these regularly to help children develop a healthy, respectful and informed relationship with the technology.

### ENCOURAGE CRITICAL EVALUATION

Help children to question the accuracy of AI-generated information and seek out additional trusted sources. This builds essential digital literacy skills and supports better decision-making.

### PROMOTE ACTIVE SUPERVISION

Keep an eye on how the children in your care use AI tools. Check in regularly to ensure they're using them appropriately and be ready to step in if something doesn't feel right.

### ENHANCE PRIVACY AWARENESS

Talk to children about the importance of keeping personal information private. Make sure privacy settings are in place and explain how data shared with AI tools could be used.

## Meet Our Expert

Brendan O'Keefe, Deputy Headmaster and Director of Digital Strategy at Eaton House Schools, has extensive expertise in digital safety, safeguarding, and generative AI in education. As an author and speaker on digital literacy and online safety for institutions such as The National College, Brendan guides parents and educators in creating safe digital learning environments.

**ROCK**  
STEADY

# DOES YOUR CHILD WANT TO PLAY MUSIC IN THEIR OWN BAND?

**With Rocksteady, children learn to play an instrument through fun and inclusive weekly in-school rock and pop band lessons.**

It's the perfect way to learn new musical skills, make friends and have a great time - all at school! There's no musical experience necessary and instruments for lessons are provided.

Rocksteady lessons are also shown to boost confidence, improve wellbeing and encourage teamwork!
