Friday 22nd May 2026

Dear Parents and Carers,

As you may be aware, there have been changes to government legislation and guidance relating to Relationships and Sex Education (RSE) in primary schools. In response to these changes, Gomeldon Primary School has reviewed and updated its RSE Policy.

We are now entering a consultation period and would like to invite parents and carers to read the proposed policy and share any feedback, comments, or questions they may have.

The consultation period will remain open for two weeks from the date of this letter. Please send any responses or queries via email to the school office during this time.

We value your views and appreciate your support as we work together to ensure our curriculum reflects both statutory requirements and the needs of our school community.

Yours sincerely,

Catherine Windross

Headteacher
