

Year 1

Feathers, fur and fins!

P.E. Dance
Monday and
Thursday

In Science, we will be learning to

- Identify and name a variety of common animals, including fish, amphibians, reptiles, birds and mammals.
- Identify and name a variety of common animals that are carnivores, herbivores and omnivores.
- Describe and compare the structure of common animals (fish, amphibians, reptiles, birds and mammals, including pets.)

English

The children will learn how to write recounts of events, using the past tense. We will also write some fantastic poems and stories based on texts with predictable and patterned language.

The Victorians

This half term in History we are learning about The Victorians. We will be looking at the similarities and differences between school life in the past and school life today. We will also be learning about other aspects life during Victorian times, such as home life.

Maths Learning:

In our maths lessons, we will be learning about the part whole model, fact families, addition and number bonds.

We will work with partners and in small groups to help us

In Art, we will be:

- Developing our understanding of 2D and 3D in terms of artwork - paintings/sculpture.
- Investigating a range of different materials and experimenting with how they can be connected together to form simple structures.
- Investigating Sculpture around us.

Lest we forget

In history we will be learning about Remembrance Day, an event beyond our living memory.
