

Summer 2

What is it like to live by the coast?

In Geography, the children will learn the names of the seas and oceans around the UK, they will be able to say what a coast is and describe some of the physical features. They will also explore the human features on the coast.

Making Connections: Plant-Based Materials

In this Science unit, the children will consolidate their knowledge of materials and plant growth through enquiry. They will learn the terms reduce, reuse and recycle and will watch and be able to describe how paper is made. The children will choose a suitable material for a plant pot and then make it using eco-friendly materials.

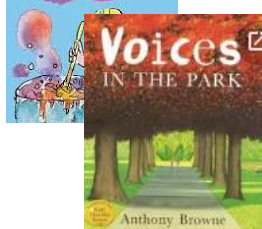

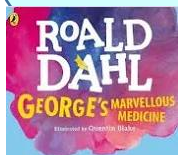

Who's who in Year 2?

Mrs Tulsi Mistry
Mrs Alaina Baillie
Mrs Patricia Valentine
Ms Taryn Chapman

Support Staff:
Mrs Sacha Fennessey-Hales

English

In Reading lessons, the children will be reading 'Voices in the Park' focussing on vocabulary, inference, prediction and retrieval skills. In Writing, the children will be exploring 'George's Marvellous Medicine' and writing their own version of the story.

WE LOVE TO READ!

Please read with your child at home daily and record it in their Reading Record books. We will continue to check for our 'Regular Readers' (at least four reads per week).

Maths

Our focus for this half term in Maths will be statistics followed by position and direction. The children will learn to make, draw and interpret tally charts, block diagrams, pictograms and tables. After this, they will learn the vocabulary to describe position, movements and turns.

Homework and Spellings are set every Thursday. This is then due in the following Wednesday when the children will also complete a spelling test in school.

Our PE lessons this half term will be on Mondays and Wednesdays. Please remember to remove children's earrings or cover them in tape for the children's safety.
