Headteacher Mrs S James

School Closures due to Snow and Bad Weather

School will endeavour to stay open unless there are exceptional circumstances resulting in it being a safety issue for both pupils and staff to be on site or to travel to and from site.

If, in the unlikely event, the school does have to close we will keep you informed in a number of ways.

- School will send a text message to all parents informing of the closure
- All Nottinghamshire schools are to alert BBC Radio Nottingham. Once notified, closures will appear on the BBC Nottingham home page <http://news.bbc.co.uk/local/nottingham/> for parents to access.
- Details will be displayed on the Nottinghamshire County Web site on www.nottinghamshire.gov.uk/schoolclosures

We hope this will cover all eventualities should this situation arise and ensure that all Parents/Carers are informed as soon as possible so as to be able to make alternative arrangements for child care.

Thank you for your understanding regarding this potentially difficult situation.

Heatherley Primary School
